## 1. Purpose

Our culture is underpinned by our values of trust, humility and compassion. Honesty, integrity and fairness are considered integral to the way our business operates therefore we must carefully think through all decisions that have the potential to impact our brand and reputation.

The Anti-Bribery and Corruption Policy (Policy) is our guide to help us do that.

## 2. Scope and Application

This Policy applies to employees or other personnel or representatives at all levels and grades, including non-executive directors, executive directors, senior executives, officers, and employees (whether permanent, fixed-term, casual, contracting, consulting or temporary), who are employed by, act for or represent the PEXA Group (“Employees and Representatives”). The PEXA Group includes PEXA Group Limited and each of its subsidiaries, including Digital Completion UK Ltd.

## 3. Policy Principles – the Things to Take Away

### *Anti-Bribery, Corruption and Fraud*

1. We adopt a zero-tolerance approach for any conduct that constitutes Bribery, Corruption or Fraud (Improper Conduct).
2. Employees and Representatives are responsible for reporting suspected, attempted, or actual Improper Conduct to their line manager or through the Whistleblower escalation points.
3. We are committed to deterring, preventing, detecting, and responding to Improper Conduct which is sought to be committed against, or may arise out of any part of our business activities.

4. We won't offer or accept bribes, facilitation payments, secret, unjustified or inflated commissions and any other improper payments or benefits to any person or entity (including Public Officials).
5. We will make Third Parties aware that this Policy applies to them when acting on our behalf. This will be undertaken through supplier induction and relevant procurement activities.
6. A risk assessment process will be conducted to identify and mitigate risk.
7. All Employees and Representatives are required to review this policy using PEXA's online training platform as part of their PEXA induction and on an annual basis thereafter. All Employees and Representatives are expected to complete the review when due. Not completing the review when due will be regarded as misconduct and may lead to disciplinary action. Enhanced training should be provided to Employees and Representatives in higher risk roles.
8. Adequate controls must be in place across PEXA to prevent Improper Conduct risks.
9. Employees and Representatives are responsible for declaring in writing an actual, potential or perceived Conflict of Interest to their line manager or Chief Risk Officer, GRC. Employees and Representatives will be removed from involvement in matters in which they have a Conflict of Interest.

#### *Donations*

10. We will only provide grants and other funding to community & other not-for-profit organisations where we reasonably believe those organisations act legally and ethically under local laws and practices. Care must be taken to ensure that the charity or cause is legitimate. Any grants and other funding made on behalf of PEXA to the community and other not-for-profit organisations of \$1000 or greater (or equivalent in pounds) require Corporate Affairs approval.
11. Refer to our Code of Conduct and Ethics Policy for our approach towards attendance at political events, functions and donations.

*Gifts, Benefits and Hospitality (GBH)*

12. Where the offering or acceptance of GBH is permitted, they may only be offered or accepted where all of the following conditions are met:
  - i) it is done for the purpose of general relationship building only;
  - ii) it cannot reasonably be construed as an attempt to improperly influence the performance of the role or function of the recipient;
  - iii) it complies with the local law of the jurisdiction in which the expenditure is made;
  - iv) it is given in an open and transparent manner;
  - v) it does not include cash, loans or cash equivalents (such as gift certificates or vouchers); and,
  - vi) for all Gifts and Benefits relating to the UK business, as well as Hospitality expected to be in excess of £100, it has been approved *in advance* by both the UK CEO and the UK CRO. For Hospitality under £100 and where it is not reasonably practicable to seek prior approval, approval from the UK CRO should be sought retrospectively.
  
13. Employees and Representatives are to declare all GBH exceeding the value of \$250 (£100 for the UK business) per person that has been offered by, or to, a Third Party. The Register doesn't act as an approval process and declarations must be submitted via the GBH Declaration Register, regardless of whether the GBH was accepted or declined.
  
14. Employees or Representatives should use their judgement when considering materiality of GBH but if the value is unknown staff should declare the GBH in the interests of transparency.
  
15. Employees or Representatives must be open and transparent in their dealings with Third Parties. Employees and Representatives must seek approval from their line manager, or Chief Risk and Governance Officer, of all material GBH that they intend to accept or offer. For Executive team members, Group CEO approval must be obtained prior to accepting or offering material GBH. For the Group CEO, the Board Chair must approve the acceptance or offer of material GBH.

16. We won't offer or accept GBH in circumstances which could be considered to give rise to undue influence. For example, we won't accept any GBH from an existing or prospective supplier that is currently involved in a procurement process like a bid or tender with PEXA.
17. Employees or Representatives won't solicit GBH for themselves or others and will never offer or accept cash, loans or cash equivalents (such as gift certificates or vouchers).
18. We won't offer or accept events or hospitality which are of an inappropriate value or nature and would put the reputation of PEXA at risk. For any events or hospitality offered by us, Employees or Representatives are expected to demonstrate professionalism in their conduct and uphold their obligation to extend a duty of care to others.

#### *Joint ventures and acquisitions*

19. Prior to any acquisition of a new company or business or entry into a proposed joint venture partnership, anti-bribery due diligence must be undertaken in accordance with the procedures set out in Appendix B. Detailed written records of those investigations must be retained.
